RUMORS OF WAR ARE CIRCULATING THROUGH EUROPE

**BOLSHEVISTS CONCENTRATING
MASSES OF TROOPS ON WEST-
ERN BORDER, NEAR POLAND**

**GERMANY SUPPLYING WAR MA-
TERIAL, REFUSES TO DISARM
ACCORDING TO TREATY**

HENRY WOOD.
(United Press Staff Correspondent)

Paris, Dec. 29—Rumors of war are again circulating in the council chambers of Europe.

These reports centered about both Russia and Germany, the latter being concerned in the former's martial preparations.

While the bolsheviks were said to be massing troops along the western frontier in readiness, the Germans are alleged to be keeping a steady stream of ammunition moving toward Moscow.

Meantime Germany's refusal to demobilize the citizen guard has brought a serious situation to a climax including the possibility of allied occupation of the Ruhr industrial district and perhaps other parts of Germany.

In French official circles it is declared that the allies are determined to carry the issue to a conclusion with Germany which so far has evinced no signs of yielding.

Allied military leaders are said to be in daily conference here.

Prospects of another major campaign by the bolsheviks are considered so certain that the allies are reported to be shaping their policies with this contingency in view. The French chamber of deputies have set aside sixty million francs to furnish war material for border states against which the red drive is reported to be directed, particularly Poland and Roumania.

The French foreign office declared that War Minister Trotsky recently doubled the strength of the red cavalry division which is now estimated to total 100,000 men. The soviet concentration along the Estonian and Lettish frontiers are said to approximate 100,000.

The allies are declared to be extremely anxious to maintain solid bulwarks of the border states against the bolshevik. Estonia and Latvia are recognized as friendly, but Lithuania leans toward Moscow.

GERMANY SIDESTEPS THE DISARMAMENT OF CITIZENS GUARD

(United Press)

Paris, Dec. 29—With rumors of a new war fitting about European chancelleries, Germany complicated the situation today with a brusque reply to the allied demand for disarmament of the citizen guard.

The German reply linked the allies' demand with the Brussels financial conference, declaring the conference could not be successful under such exaggerated demands.

The formal reply was handed the Italian and French ambassadors and British charge. The hint that the financial conference might be broken up was made orally.

French officials called the German linking of the economic and political question "shameless," and declared there might be "grave complications."

Nine Quakes Rock Valparaiso in Day

Santiago, Dec. 29—Reports from Valparaiso state that the city was shaken by nine earthquakes on Sunday, one of which was violent enough to cause a panic in a theatre. Several quakes were felt in towns around Valparaiso but no damage was reported. The uneasiness of the population was increased because the day was the third "critical day" of the period during which Captain Nuno, of the Chilean navy, further predicted quakes.

BRITISH OFFICIALS CONSIDER DISARMAMENT

(By United Press)

London, Dec. 29—The British officials today were absorbed in international disarmament. The suggestion of Secretary of the Navy Daniels for international conferences on reduction of armament, was welcome.

LUTHER C. STEWARD

Luther C. Steward, president of the National Federation of Federal Employees.

BIG FORD PLANT CLOSES DOWN

**FOR AN INDEFINITE PERIOD—
EMPLOYS 50,000 MEN—BUSI-
NESS DEPRESSION CAUSE**

(United Press)

Detroit, Mich., Dec. 29—The Ford Motor company Highland Park plant, where approximately 50,000 men are employed, has been closed for an indefinite period, it was unofficially announced today.

The plant was practically shut down last week when it was announced that an inventory would be taken from Dec. 24 to Jan. 3. While it is possible the shops may remain idle many days following the completion of the inventory, reports were current that the entire operation would be at a standstill until at least Feb. 1.

General financial and business conditions were given as the cause of the shutdown.

EXPECT TO CAPTURE NEGRO MURDERER

(By United Press)

Wilson, Ark., Dec. 29—The long chase for Henry Lowry, negro, who has been sought by scores of armed men in connection with the crime of killing two white persons and wounding two others Saturday, seems to be nearing an end today. Reports received here said that he had been surrounded on Island Thirty-four in the Mississippi river just opposite Nodena, Ark., the scene of the crime. The pursuers have taken boats and gone to the island.

Pseudo Rickenbacker Deserts Bride of Week

Jacksonville, Fla., Dec. 29—The man who, posing as Eddie Rickenbacker, married a New York girl here last week, has deserted his bride of a week in Chicago, the young woman so informed her mother yesterday. The pseudo Rickenbacker is said to have been a groom from a St. Augustine man's stables. Posing as the noted American aviator, he was lavishly entertained in the best society and won a bride.

MICHIGAN TOWN OF ADA BURNING

Grand Rapids, Mich., Dec. 29—The village of Ada, ten miles east of here, is burning. The town hall, four stores and one residence have been consumed. The fire started from an explosion in a barber shop. Ada has a population of 450.

SUNDY CIVIL APPROPRIATION BILL INTRODUCED

**CUTS APPROPRIATIONS OVER 50
MILLIONS COMPARED WITH
LAST YEAR**

A. L. BRADFORD
(United Press Staff Correspondent)

Washington, Dec. 29—The first of the big appropriation bills laid before congress today bore the marks of efforts to reduce governmental expenditures.

The measure was the sundy civil appropriation bill which was reported to the house by the appropriation committee.

The bill calls for a total of \$383,611,292.41, which is \$52,237,514.41 less than carried in the similar bill last year, and \$420,914,192.45 less than requested by the government department.

The appropriations in the bill are to provide for a large sum of miscellaneous government activities during the fiscal year beginning next July.

There is included in the bill an appropriation of \$223,000,000 for death or disability, compensation, hospital treatment and vocational rehabilitation for world war veterans.

Deducting this sum from the amount recommended in accompanying bills, Chairman Good of the appropriation committee said, leaves \$160,611,292.41 for all other purposes as compared with \$126,922,750.79, the amount carried by the sundy civil act for the fiscal year 19116.

JAPAN MODERN; GRAFT ABOUNDS

H. W. KINNEY,
(United Press Staff Correspondent)

Tokyo, Dec. 29—The city of Tokyo has been excited by the discovery of widespread graft in the municipal government. Numerous arrests have already been made and the police say that many more will follow. Captain Shiokri, chief of the criminal investigation section of the police, says that he feels certain that there is not a single municipal enterprise in the Japanese capital which will not show irregularities.

The investigation so far has concerned itself mainly with the street improvement and sewer departments of the city government. The persons arrested include a number of officials and contractors. It has been found that exorbitant sums have been paid by certain officials for the gravel which is the principal material used in road and street construction, large bribes having been given freely by groups of contractors. Graft was shown in the construction of the new great Meiji shrine, opened with great pomp in commemoration of the late emperor. This made a great impression on the people, who feel that at least that enterprise should have been immune.

In Japan, which like most other countries in the Orient is the home of "commissions" and similar gifts and presents which would be termed graft in western countries, official peculations of this kind must be extremely vicious before they attract attention. The police say, however, that in this case they intend to investigate to the bottom. In this they are backed up by Count Oki, minister of justice, who says that both Tokyo and Kyoto, the former capital, are rotten with graft.

CALIFORNIA-JAP QUESTION SETTLED

**BY PASSING A LAW FORBIDDING
ALL ALIENS FROM OWN-
ING LAND**

(By United Press)

San Francisco, Dec. 29—Assemblyman Albert Rosenbush, of San Francisco, announced today that he would introduce into the session of the California legislature opening next Tuesday, a bill forbidding any aliens from owning land in California. The measure will extend to all aliens, the present California law forbidding Japanese from owning land.

"City of Spindles."
This is a name popularly given to Lowell, Mass., which is one of the largest cotton manufacturing towns in the United States.

CAPT. ARTHUR MILLS

Capt. Arthur R. Mills, who has made 1,058 crossings of the Atlantic for the American line in 41 years of service, steaming more than 3,000,000 miles, or a distance equal to 128 times around the world. His vessels have carried more than 500,000 passengers without the loss of a life. He has just retired.

WOMAN DEMANDS PUNISHMENT FOR HUSBAND'S CRIME

**SAYS HER CONDUCT DROVE HIM
TO MURDER HER AFFIN-
ITY**

(By United Press)

Denver, Colorado, Dec. 29—Mrs. James Monroe today demanded that authorities inflict on her any punishment which her husband might have incurred through the murder of Albert Snooks.

Monroe said he had heard reports concerning the friendship between Snooks and Mrs. Monroe and he entered Snooks' room and killed him and seriously wounded Wm. Wade, who was also in the room at the same time.

Both Mrs. Monroe and her husband were held. "It was my fault," Mrs. Monroe told authorities today. "After meeting Snooks I became infatuated with him. He was madly in love with me and wrote me passionate notes. I like a fool answered them. My husband was always good to me. I wanted fine clothes and would not quit working."

Mrs. Monroe advised women who have good husbands to "stay home and let them love and support you, and do not try to break into their world and do their work."

Townley Has Not Re- signed as Head of the Nonpartisan League

(By United Press)

Salina, Kan., Dec. 29—A. C. Townley, head of the nonpartisan league, asserted today that he has not resigned and will not resign as head of that organization.

"You see I am pretty busy, don't you?" he said in reply to a report from Minneapolis that he had quit.

He said he would remain here for a short time but that the organization and drive in Kansas would be kept up all winter. His temporary headquarters will remain here about two weeks, when he will move to new fields.

Kansas Labor Court To Rule on Open Shop

(United Press)

Topeka, Kan., Dec. 28—The question of the "open shop" is before the Kansas court of industrial relations. Application of the Fort Scott Sargum Syrup company for abrogation of its contract with the local union of the International Brotherhood of Firemen and Oilers, is the first case brought by employers under the industrial court act, W. L. Haggins, presiding judge, said today. Previous industrial disputes have been brought to the court by workmen.

HURLEY LIQUOR DEALERS ARE IN ASHLAND JAIL

**FOUR-FIFTHS ARE ITALIANS AND
SICILIANS, BALANCE GREEKS
AND FINLANDERS**

(United Press)

Ashland, Wis., Dec. 29—Fifty-seven varieties of liquor law violators in the Ashland county jail today muttered and grumbled against the law that permitted federal agents to close their places of business in Hurley, Wis., yesterday and herded them here for arraignment.

They are not yet formally under arrest it developed, therefore they can not be arraigned until Deputy U. S. Marshal W. P. Pugh, of Superior, arrives here on the 11 o'clock train to perform that function. The liquor agents who herded the men here carried warrants, but are not functioned to take the men before U. S. Commissioner Walter Kates.

One of the men was missing when the train arrived here last night. He was believed to have left the train at Ironwood before it started out, as it was not closely guarded. About four-fifths of the men are Italians or Sicilians, agents said. There were a few Greeks and Finns. Agents admitted that some of the places closed yesterday were reopened today, but that they were not selling liquor.

"It will take weeks to clean up all the liquor supply there," agents said. "There is a lot of private stock we cannot get at. If there is drinking in Hurley today the stuff is not being sold over counters."

Some Plead Guilty

Ashland, Wis., Dec. 29—United States Commissioner Walter Kates faced a stream of "hard guys" at his desk today.

They came from Hurley, Wis., at the suggestion of a throng of armed prohibition agents who closed the soft drinks bars that were worn thin by an illicit liquor traffic, according to agents.

Most of the "hard guys" pleaded guilty, but those a little more literate, who knew something of the law, pulled out big rolls of bills to cover their bail. Others went back to the county jail.

U. S. Deputy Marshal Pugh, of Superior, who formally arrested the fifty-seven "varieties" shortly before noon, aided Commissioner Kates in handling the cases. Federal agents were present with almost every kind of evidence obtainable to prove that they "caught them with the goods."

Gets Out Injunction

Chicago, Dec. 29—Prohibition Commissioner Richardson today announced he would bring injunction suit against saloons in which the men of Hurley are alleged to have been selling liquor illegally. He said the suits would be filed in LaCrosse federal court as soon as Leo J. Hannah, deputy enforcement officer, returns from Hurley where he lead the squad of federal agents in a raid on saloons yesterday. The evidence on which to base the injunction has been obtained by Hannah, the officer announced. The injunction will be to prevent the sale of liquor in places owned by the men concerned, and if liquor is sold they can be adjudged in contempt of court.

HARDING CONSIDERS U. S. NAVAL POLICY

**IS KNOWN TO FAVOR U. S. OCCU-
PYING FIRST LINE IN NAVAL
POWER**

RAYMOND CLAPPER
(United Press Staff Correspondent)

Marion, Ohio, Dec. 29—Naval policies of the next administration are expected to be taken up during a conference today between President-elect Harding and Congressman Kelly, of Michigan, member of the house naval affairs committee.

Harding faces the problem of considering the need for economy in government affairs with his desire that the United States keep in first line of naval powers. Some legislative leaders are prepared to apply their pruning knives to army and navy appropriation bills, and effect a major portion of the savings in these two directions. Others see in this a dangerous trend toward false economy.

TASKER L. ODDIE

Tasker L. Oddie, Elected United States senator from Nevada to succeed Charles B. Henderson. Mr. Oddie was formerly governor of Nevada.

TRUCE ARRANGED IN FIUME FIGHTING

**REGULAR ITALIAN TROOPS HOLD
HALF OF CITY—ADRIATIC
TREATY RECOGNIZED**

CAMILLA CIANFARRA
(United Press Staff Correspondent)

Rome, Dec. 29—With the Italian regular army in control of over half of the city, a truce was in effect today, while Fiume authorities were presented with full knowledge of Gabrielle D'Annunzio's consideration to yield to the government demand for the recognition of the Adriatic treaty as a basis of permanent peace.

Cessation of hostilities were greeted with joy all through Italy, where nationalists had begun to arrange demonstrations to protest against shooting of Fiume legionaries, men of their own blood.

Casualties in the two days' fighting were reported not high considering the big advance made by the regulars. A total of fifty dead on both sides with probably two hundred wounded, comprised the casualty list. The report that four hundred had been killed were not credited here where official statements held the list down. Today's truce resulted from a conference between Mayor Gigante and Col. Ferrari, chief of staff for General Cavaglia. The mayor first made the demand that the regular forces be withdrawn to their original position. He then agreed practically to the government's original demands that the Dalmatian islands seized by D'Annunzio be returned to the government together with the shipping seized by the Fiume legionaries.

BANDITS HOLD UP INDIANA BANK

(By United Press)

Culver, Ind., Dec. 29—Five bank bandits held up the State Exchange bank here today and shot two of the leading business men.

Three of the alleged robbers were captured by a posse of civilians here fifteen minutes after the robbery after a gun battle in which a hundred shots were exchanged. Two of the alleged members of the gang were taken into custody by a Knox, Ind., policeman. Most of the money obtained was recovered from the captured men.

Beginnings of Baseball.

Abner Doubleday, who later went to West Point and ultimately became a major general in the United States army, is given the credit for originating the game, in 1839. He and some other young men began to play a game they afterward called baseball. One of these, named Cartwright, had the idea of a diamond to improve the game. "Two Old Cat" and "Three Old Cat" were still early forms of ball and were adapted probably from the English game of rounders.

London's First Theater.

It is a little difficult to realize that in London, the Mecca of the English-speaking theater devotee, there was a time when an order was passed by parliament for the compulsory closing of these "palaces of amusement" and making it a crime to be present as a spectator at a play. This happened in puritan times in 1642, when only two English theaters existed.

BOY BANDITS HOLD UP FAST MAIL TRAIN

**SECURE \$2,000 IN LOOT FROM THE
PASSENGERS—ARE LATER
ARRESTED**

(United Press)

Chicago, Dec. 29—Two youthful bandits, brothers, were in jail today following their nifty holdup late last night of a New Orleans-Chicago fast mail train on the Illinois Central railroad.

With their revolvers the two youths covered James R. Rowe, flagman, near Gilman, a village about eighty miles from here, and boarded the fast train.

Looting of pockets of passengers netted the bandits \$2,000 in money and valuables. The bandits left the train near Kankakee, Ill., and were captured by a posse following a revolver duel during which one of them, Jacob Scott, was shot. His brother surrendered without a fight. Both boys said their home was in Greenville, Ill.

Bandits are Twin Brothers

Kankakee, Ill., Dec. 29—Working in their father's little automobile shop in the village of Greenville near here, was an uneventful existence for Jacob and Joseph Scott.

The two youths, twins, 24 years of age, decided to add excitement to the humdrum life and held up the New Orleans Chicago train on the Illinois Central.

As a result of their adventure Jacob is dead today from the bullet of a railroad detective's gun, and Joseph was in jail here. Their father and mother in Greenville were heartbroken.

The boys boarded the train in true wild west fashion. James Rowe, flagman, was the first to learn of their presence. He was climbing aboard the rear car as the train was getting started over the ice covered rails at Gilman when he felt two revolvers sticking in his ribs. "We are going to stick up the rattle," the two bandits said. "Toss your old lantern as usual and then climb aboard."

At the trio awning aboard the second car scolded his brother for forgetting his other gun. The lad said he had left it at home. With handkerchiefs over their faces they dashed into the Pullman giving orders to "Stick them up" and the passengers obeyed.

"We are tough eggs and we mean business," the two said. "Anybody making a noise is a goner."

STOP DANIELS' ATTEMPT TO FURTHER NAVAL EXPANSION

(United Press)

Marion, Dec. 29—Republican leaders plan to stop Secretary Daniels' proposal for further naval expansion, Congressman Patrick Kelly, of Michigan, said while here today consulting with President-elect Harding on naval matters.

"No new ships will be authorized, and the appropriations for the coming year probably will be sliced \$50,000,000 below last years figures," according to Kelly, who is a member of the house naval affairs committee.

BOY, SIX, SHOOT SISTER AGED TWO

(By United Press)

Grand Rapids, Mich., Dec. 29—While Martin Walochi and his wife, who live several miles east of this city, were here in search of work and food last night, their son Walter, aged 6, found his father's shotgun. Pointing it at his sister Cecilia, age 2, the weapon was accidentally discharged and her face blown off. The parents discovered the tragedy when they returned home early today with a small quantity of food.

Penrose will Take Charge of the Emergency Tariff Bill

(United Press)

Washington, Dec. 29—Senator Penrose, of Pennsylvania, chairman of the finance committee, is expected in Washington next week to take principal charge of the fight over the emergency tariff bill, Senator McCumber, ranking republican member of the committee, announced today.

A. W. Frewerd of Minneapolis, of the Western Union force, who examined the motors at the local office,

was formerly in 1916 in charge of the Brainerd office, succeeding Herbert R. Denzene. Mr. Frewerd was impressed by the changes in Brainerd and the progress made since that time in all lines of industry here.

Handy man wants work any kind. Would drive truck. Inquire this office.

In probate court Tuesday Judge J. T. Sanborn heard the case of E. Dano, Walker logger, who has filed a claim of \$2,700 against the estate of the late James Ingram. His attorneys were Whitney & DeLury, of Walker, and for the estate were M. E. & C. A. Ryan and a Sauk Center attorney. In attendance were Mrs. Ingram, the widow, and her niece, Miss Beatrice Martin, of Sauk Center.

Barber shops will be open to 9 p. m. Dec. 31. Closed all day New Year.

Miss Frances Lassell, age 20, a niece of Rev. and Mrs. E. A. Cooke, died Tuesday following an operation for removal of the spleen. The funeral will be held Friday at her home in Spring Valley and Rev. and Mrs. Cooke have gone to attend the services. He will return for church services in Brainerd Sunday.

GOOD WILL TRIUMPHANT UNDER TEST

As this message is being written, Dodge Brothers' daily, weekly and monthly production, is at the highest point in its history.

The most casual sort of inquiry will satisfy you that this production is being absorbed as it is delivered.

Within sight and sound as we write, a great addition to Dodge Brothers' immense works, is being rushed to completion.

The interesting thing about this situation is, that it is not likely that a half a hundred people have ever bought Dodge Brothers Motor Car just because they wanted a motor car.

Of the more than half a million who have bought it—the overwhelming majority did so because of the name it bore.

It has always been treated, by the American people in particular, as an exception—always set apart, and singled out, and never judged by ordinary standards.

It has always been thought of, and is still thought of, first, and foremost, and all the time, only in terms of its goodness, and the results it gives.

All of this is wonderful, in one way, and quite natural and logical in another.

It all dates back to the day when John and Horace Dodge conceived and designed and finally built the car—after warning each other, and their associates, not even to think of it in any other terms than the best obtainable value.

They began with a few almost absurdly simple principles, bluntly expressed and rigidly executed, about decency and honor and integrity—

such as most of us wrote in our copy books at school.

They reduced these old copy book maxims to a splendid and scientific system, pouring more, and more, and still more value into the car, and then marshalling all the resources of modern massed manufacture to get their product into the hands of the people at an honorable and an honest cost.

These policies and principles have never been changed, and never will be changed, by so much as a hair's breadth; and they have come to be recognized and accepted as Dodge Brothers principles wherever motor cars are driven.

It has all happened as John and Horace Dodge planned it—quite simply, naturally, and automatically, all over America, and all over the world.

People do discriminate, as Dodge Brothers contended they would; people will find out when a motor car is well built and gives good service and great good value.

Dodge Brothers market today is where they planned to locate and establish it—in the mind and the heart of every man and woman who admires good work, well done.

It will last, and it will keep on growing, as it has kept on growing for five years (faster than Dodge Brothers works could keep pace with it), as long as the number of those who believe that a manufacturer should build to serve and not merely to sell, continues to increase.

All is well with Dodge Brothers today, because John and Horace Dodge build well in the beginning, and because their business will continue to build well until the end.

GIVE VOLUNTARY

Tomorrow is Pay Day—When at the Bank Don't Forget to Contribute Mite to Europe's Starving

Contributions, large or small, will be received at any of the banks in the city and a receipt given for the money. Tomorrow is pay day. If you have not contributed, won't you leave your contribution with any of the banks tomorrow, or during this week?

Churches, and those who belong to churches, have turned in almost all the money received here up to date. If the many organizations in the city do as well as have the churches, Brainerd's share of the \$33,500,000 will be over-subscribed.

The committee believes that the citizens of this city will give to a cause like this without requiring someone to call upon them and extract the cash, as in war days.

Many of our people grumbled then because of the pressure brought to bear to secure money for the various funds. These said: When the right cause presents itself, I'll give without compulsion. The children who are hungry, cold and dying in Central Europe appeal to the people of the United States at this time.

The county chairman sees about \$750 in Brainerd up to date. \$3000 is about what we ought to raise to meet our share of the total sum which represents 30 cents for each person in the United States.

The committee asks that pastors, secretaries, or representatives who have money for this fund hand it in at the First National bank at their earliest convenience.

Obituary

George Erwin was born in Macena, New York, July 16, 1858 and died at the home of his son-in-law and daughter, Mr. and Mrs. P. J. Anthony of Brainerd, Dec. 23. Mr. Erwin was united in marriage to Miss Elizabeth Ainsworth of Powell, S. D., on February 19, 1885. To this union was born six children, four daughters and two sons. He is survived by his wife and five children, one daughter dying in infancy. The children are Mrs. Nellie Anthony of Brainerd; Mrs. Maude Ritter of Strasburg, Ill.; Mrs. Edna Jillson of Vashit, N. D.; Frank Erwin of Amherst, S. D.; Curtis Erwin of Amherst, S. D.

Beside the wife and children, he has one brother S. W. Erwin living in Los Gatos, Calif.; two sisters Mrs. F. W. Benson of Delta, Alta., Canada and Mrs. Thomas Neal of Mankato.

The remains were sent to Ipswich, N. D. for burial, short services being held at the B. C. McNamara chapel, Rev. E. A. Cooke, officiating.

Mid-Week Meeting

The mid-week meeting of the First Baptist church Thursday evening at 8 o'clock, will be the last of the old year. It will be the covenant meeting of the church preceding the first communion service the first Sunday of the year. Every member of the church and congregation should be present. This is an important meeting. The second study in "Personal Evangelism" will be taken up. The pastor will lead.

Jackson-Dobbs

Married Dec. 28 at 3 p. m., Lee W. Dobbs and Miss Amy M. Jackson, both of Battle Lake, Ottertail county, Rev. E. A. Cooke of the First Methodist church officiating. They will make their home in Hibbing where he has a position as a stationary fireman at one of the mines.

Watch Night Services

Special watch-night services will be held in Zion Evangelical church Fourth Ave. and Forsyth street Friday evening beginning at 9 o'clock.

First there will be the annual business meeting of the congregation; then a social hour followed by an hour spent in devotional exercises.

Zion Evangelical Lutheran Aid

The Ladies Aid society of the Evangelical Lutheran church, corner Main and Broadway, will hold the regular meeting on Thursday afternoon at the usual place. Election of officers for the coming year will be one of the important business features. All ladies are earnestly requested to attend.

How's This?

WEDNESDAY, DECEMBER 29, 1920

GO EASY FIRST YEAR

Now that the Duluth News Tribune has ascertained that the old 1918-1919-1920 license tag on your car is good until the legislature puts out a new law, the Dispatch begs to remind the Babcock people that in this year of 1921 the automobile owners will be paying their personal property taxes of 1920 due in 1921 and which include their cars. Then in addition they will be called upon to pay the Babcock tax, whatever it will be, due and payable in 1921.

It would be showing good sense to make the burden easy this year, insofar as Duluth people, we believe, are to pay a wheelage tax in addition to the two taxes enumerated above.

HURLEY, WISCONSIN

Hurley, Wisconsin, which to all accounts, rivalled a cross section of the Klondike or Goldfields in its wildest days, with beer and whiskey flowing, roulette wheels spinning, has had its exuberance checked by a detachment of unfeeling prohibition agents.

Hurley was just steaming into high to celebrate the New Year "right," when the government agents cleaned up the town. Today Hurley feels like a man with a thumping headache and dry, furry taste.

MARKET REPORT

Minneapolis Cash Grain

CHICKENS PAY

M. E. Wheeler Says Farmers Better Off If They Sold a Horse and Put Money in Chickens

M. E. Wheeler, who lives on the Clow farm in Home Brook, says that many farmers would be better off to sell one of their horses and put the money into a flock of good hens. In an article published in the Pequot Review he cites the figures of his own investigations to back the statements made.

They are given here just as he turned them in and they speak for themselves.

Received from eggs sold from Oct. 1, 1919 to Oct. 1, 1920 from a flock of 210 hens.....\$369.23

Chickens sold during the same period.....\$138.46

Eggs used on table, 1352.....\$507.69

Feed for chickens from Oct. 16, 1919 to Oct. 16, 1920—Wheat \$25, oyster shell \$5.85, bran \$50.85, corn \$42, speltz \$25, tankage \$13.45, and chick feed \$19.80, a total of \$184.46.

Leaving a profit of \$325.23 from the 210 hens, or about \$1.50 each.

Besides the value of the eggs eaten, Mr. Wheeler did not figure the eggs he set, which was between 400 and 500.

Violates Traffic Laws.

"While returning to camp one night I walked right into a herd of elephants," states a well known explorer in his memoirs. We have always maintained that all wild animals above the size of a rabbit should carry two head lights and one rear light while traveling after dark.—London Punch.

E-Soldier Has a Good Stomach

"If a man spends six years in the army he surely would have to have a good stomach. I have a good one now and Foley Cathartic Tablets made it that way." If any one does not believe this, let him write to Arthur L. Lyons, 454 Cincinnati St., Dayton, Ohio. That is from a letter received by Foley & Co., H. P. Dunn, druggist.

DESTROYS SLEEP

Many Brainerd People Testify to This

You can't sleep at night With aches and pains of a bad back When you have to get up from urinary troubles.

If the kidneys are at fault Set them working right with Doan's Kidney Pills.

Here is Brainerd proof of their merit.

J. G. Brandt, machinist, 1614 S. E. Maple St., says: "Being a machinist I have some pretty heavy lifting to do and I think I strained my back. It started aching and kept up for about a week. I got no rest at night as the pain was still there and in the morning I felt worn out from loss of sleep.

My kidneys were not acting as they should so I began using Doan's Kidney Pills, which I got at the Skauge Drug Co. They soon fixed me up in good shape. I have never had any trouble from my kidneys since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brandt had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Nickel Highly Prized Metal.

Nickel is regarded as one of the most useful metals, though it lacks the prestige of silver and gold. It is bright and hard and noncorrosive and in combination with iron it has been in great demand for war equipment and for bridges and other structural work.

Cut This Out—It Is Worth Money

Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., address clearly. You will receive in Chicago, Ill., writing your name and return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup. Foley Kidney Pills and Foley Cathartic Tablets. H. P. Dunn, druggist, mwf

WE HOPE

That this New Year may be to you the very happiest you have ever known and that new joys may ring in with the birth of each succeeding day. In asking you to give

CHIROPRACTIC ADJUSTMENTS

a trial, we want you to know about the many well known and important people who endorse Chiropactic and we invite you to call here and talk the matter over with us at your earliest convenience.

AMUSEMENTS

"THE LAST OF THE MOHICANS"

Detroit Censor Joins Educational Heads in Praising Tournear's Picturization

Among the remarkable endorsements of "The Last of the Mohicans," Maurice Tournear's picturization of James Fenimore Cooper's famous Indian novel, received at the home office of Associated Producers is a letter from Royal A. Baker, Detroit police censor, who was so impressed with the production that he wrote the following to Edward A. Crane, Associated Producers' resident manager in Detroit:

"It is not with unexpected surprise that Maurice Tournear has made the first motion picture classic, for it was merely by a hair's breadth that he failed in reaching this point in 'Treasure Island.'"

"The Last of the Mohicans" is decidedly a cinematographic achievement.

ment—not a small achievement, but a far-reaching one. The wonderful characters created by Cooper, in probably America's greatest historical novel, have been by Maurice Tournear so successfully and triumphantly portrayed that the dreams of fiction have stepped out of the book in living, breathing, human beings, with their trials, tribulations and romances."

Another commendatory letter was received from J. H. Wilson, supervisor of visual instruction for the board of education in the city of Detroit, who said:

"Permit me to say that the board of education will consider it a privilege to co-operate with any theatre in the city, desiring to exhibit 'The Last of the Mohicans,' and we will be glad to notify parents in any community in the city, through the schools, concerning special dates for showings. I believe this film to be one of especial value."

At the New Park soon.

At the New Lyceum

"Billions," Nazimova's latest contribution to the screen, tonight and Thursday, makes use of numerous unusual and fanciful sets, all of which have been designed under the personal supervision of Nazimova. Simplicity, however, has been the keynote, even where the bizarre was sought.

Incidentally, it is a tale that will baffle the fan who likes to anticipate the unfolding of the plot by predicting developments in advance of their appearance. For "Billions" is a picture of surprises.

There is also a two reel comedy.

CUT THIS OUT

SPECIAL NOTICE: Dr. Frederick Jacobson says that phosphates are just as essential to any woman who worn out or looks haggard and pale, tires easily, is nervous or irritable, to make a strong, robust, vigorous, healthy body, as they are to make corn, wheat or any vegetable plant grow strong and healthy. The lack of phosphates is the cause of all chronic conditions and the administration of 5-grain Argo-Phosphate Tablets will increase the strength and endurance 500% in a few weeks time in many instances. Dispensed by H. P. Dunn.

WATER, WATER IS USED EVERYWHERE

Water Meters Installed by Water and Light Board Reveal Enormous Consumption of Water

WOULD FLOAT A BATTLESHIP
One Hotel Said to Have Used Half the Capacity of Water Tower in Seven Days

Brainerd has been dry for years under Indian treaty enactments, etc., long before national prohibition held sway, but the wildest dry dreamer never had an idea that Brainerd would soon develop such an alarming taste for water as has been revealed by a few days' working of the new water meters installed by the water and light board.

Names are omitted, but there is one unofficial report covering a hotel where it is reported 150,000 gallons of water were used in one week. At 40 cents a thousand this would represent the neat sum of \$60 for a water bill.

The Brainerd Dispatch office puts into effect the general standard ruling in print shops where the office towel stands the brunt of inky fingers and water is used sparingly as a wash or beverage. In nine days the Dispatch used 45 gallons.

A business house with leaky toilets and running taps was found to have a meter registration of 4,476 gallons in two days, which would cost \$1.79. Another business house used or wasted as the case may be 8,812 gallons in two days at a cost of \$3.52. Meters are read shortly after installation to let people know how much is being wasted or used.

The minimum rate will be \$1.50 and the cost per thousand gallons will probably be 40c. The meter system will do much to check waste of all kinds.

CHRISTMAS TREE

St. Paul's Episcopal Sunday School Has Successful Entertainment on Monday Evening

St. Paul's Episcopal Sunday school held its Christmas entertainment on Monday evening. The program was mainly by the younger children, although assisted by musical numbers by the older members. One particularly pleasing feature was a song by the primary department.

At the proper time Santa Claus appeared, and distributed many gifts, to the delight of the little ones and making a deal of merriment for all. He also called attention to the collection taken by the school for Near East Relief, which had entitled the school to two "Invisible Guest Certificates."

There was an encouraging attendance, showing the interest of parents and others in the school.

Shop Men

Tomorrow is pay day. The chairman of the county committee of the European Relief Council asks you to remember the starving children and leave your subscription, large or small, at one of the banks.

Card of Thanks

We desire to extend our sincere thanks to our friends and neighbors for their kindness and sympathy when our beloved son and brother, James Christensen, was taken from us by sudden death.

Good for Him and His Wife

Hurley L. Watkins, 2508 Lytle St., Louisville, Ky., writes: "I found Foley's Honey and Tar just what I wanted for my wife's and my colds." Checks coughs, colds, croup, bronchial coughs, stops that "tickling" throat that keeps one coughing at night. Contains no opiates nor habit-forming drugs. H. P. Dunn, druggist.

She Says It Can't Be Beat

Deep seated coughs that get hold of one in Autumn should be stopped now or they may continue all winter. Mrs. Wm. F. Davis, R. P. D. 1, Short Creek, W. Va., writes: "Foley's Honey and Tar can't be beat for colds." It checks coughs and bronchial irritation, heals raw, inflamed throat, cures phlegm. H. P. Dunn, druggist.

BOY INJURED IN HUNTING ACCIDENT

Herman Schwartzkopf, Aged 15, Has Right Foot Badly Mangled by Shotgun Charge

HAPPENED AT AHRENS HILL
Two Little Companions Carried the Wounded Boy to The Northwest Paper Co. and Got Aid

A rabbit hunt staged by three small boys brought disaster to one of their number, Herman Schwartzkopf, age 15, near Ahrens hill north of Brainerd. Schwartzkopf let a 12 year companion take a shot at a rabbit and the weapon was too heavy, the boy firing a shot and being "kicked" over. The second barrel of the 12 gauge gun exploded when it struck the ground and tore away part of the right foot of Schwartzkopf.

The two carried the injured boy to The Northwest Paper Co. mill where aid was secured. Dr. Nicholson and Reimstad operated at the Northwestern hospital. The lad will lose his toes, but the major part of the foot will be saved so as not to cripple him from walking.

***** BRAINERD'S ODDEST STORIES

The writer of this column was informed Tuesday evening, too late for publication that the N. P. Man on the crossing and a pop manufacturer had observed a full blown rainbow in the sky about 4:30 p. m. One end seemed hinged near the 300, 600 gallon water tower and the other end was anchored somewhere near Barrows. It was an inspiring sight and the eye witnesses said it was no sun dog or moon dog, but a bona-fide rainbow. What business a rainbow has running around loose in the winter time where it can freeze to death is more than our meteorological department knows anything about. The writer of this column was sure to ascertain something of the antecedents of the gentlemen giving this rainbow information and the whole matter has been referred to Mr. U. G. Purcell, meteorologist of the U. S. Weather Bureau, stationed at Minneapolis and he can worry about it.

Boe Rappel run over himself the other day. Boe has an iron constitution and didn't mind it a bit. It happened this way. While working on a job at Rosko Brothers he ran out of cigars and asked several garage lizards to hop across and get the smoke fuel for him. No one responded and Boe just had to run over himself to get his quota of Camels. A friend of his spun the above yarn, the old top.

At Alderman-Maghan's store they have put in a sideline of popcorn. It was raised in this dear old county and it is wonderful stuff. Each kernel pops out as big as a full blown Ever-bearing strawberry. Jim Alderman said to one purchaser that they would give \$5. for every unpopped kernel. Joe Hebert, the barber, was in the store at the time and Joe said the two bushels he raised in the angle of his garage door was a blue ribbon quality too and he agreed to match some of his article.

James F. O'Brien, who is the president of the Northern Home Furnishing Co., has returned his set of deer that he had hitched to Santa Claus' sleigh to the Butler Brothers of the Ransford hotel. The dear this year have had more outings and more genuine fun than ever before in their lives. The Bks had them in the flies at the New Park Theatre and then O'Brien spotted them and harrowed them up. They were fed regular white loaned and their coats are nice and glossy.

***** Men's Club

The Men's club of the Norwegian-Danish Lutheran church will meet with J. B. Johnson at his home this evening.

EDITORS TO MEET AT CROOKSTON SOON

Cooperation to be Chief Topic at Gathering of Northern Minnesota Editorial Association

TO BE HELD JAN. 20, 21 AND 22

Governor-Elect J. A. O. Preus is On the List of Speakers. Also Dr. C. A. Prosser of Dunwoody

Plans for the coming annual meeting of the Northern Minnesota Editorial association at Crookston, Jan. 20, 21 and 22, have been announced by A. G. Rutledge. Questions to be discussed will include greater co-operation between publishers of the state and the advertising and publicity agencies. Special invitations have been issued to advertising men from the city newspapers, advertising agencies, railroads and other publicity men, to attend the session.

Speakers are to include Will Wilke of Grey Eagle, president of the national association; W. R. Hodges of Sleepy Eye, former treasurer of the national association; H. C. Hotelling, field secretary and former president of the national association; Governor-elect J. A. O. Preus, and Dr. C. A. Prosser of Dunwoody Institute, Minneapolis.

A special tribute will be paid during the meeting to the late L. J. Mithun of the Buffalo Journal. Greetings from North Dakota are to be brought by Norman B. Black, Fargo Forum; M. I. Forkner, Langdon Pioneer and L. J. Bowen, Hope Pioneer.

UNION WATCH NIGHT SERVICE

Union Watch-night service will be held in the First Congregational church on Friday evening at 10:30 o'clock. The Methodist Episcopal, First Baptist, Episcopal and Presbyterian churches, will unite with the First Congregational church in this service. The pastors of the churches named will bring a message to the united churches.

NEW MANAGER

Miss Delphia Foster Succeeds Miss Ethel Knopp as Manager of Brainerd Office

Miss Delphia Foster, for a year the efficient assistant and messenger at the Western Union office in Brainerd, has had her merit and ability recognized by headquarters and was made superintendent of the local office, succeeding Miss Ethel Knopp of Winona, who after a short visit at her home, will go to Grafton, N. D.

Miss Foster knows Brainerd thoroughly and has been an adept at finding people. She is good too as a telegrapher and "sends" accurately. She is posted in bookwork. Her assistant is Miss Stella Houle.

Miss Foster has set out to make the Brainerd office a good paying office and will appreciate the cooperation and support of business interests and other Western Union patrons.

Card of Thanks

I give my hearty thanks to the many friends who gave me their votes in the contest and enabled me to win a piano lamp from the Gruenhagen Co.

NORTHWEST NEWS

Northwestern Lumbermen Meet

Minneapolis, Dec. 29.—Problems of tremendous importance to the home builder and manufacturers will come before the 31st annual convention of the Northwestern Lumbermen's association to be held here Jan. 15, 19 and 20.

Legislation affecting the building industries now before congress and state legislatures will be discussed.

The convention probably will be the largest in the history of the association.

Wants New Trial

Bismarck, Dec. 29.—The 30 days granted by Judge Nussle for filing of affidavits in the motion by Henry Laver for a new trial lapse today. Laver, now serving a life sentence in the state penitentiary, is alleged slayer of the Wolf family last spring.

Authorities have a signed confession by Laver in which he admitted the crime. Now he alleges he was subjected to the third degree and mal-

Proceedings in Bankruptcy

In the District Court of the United States for the District of Minnesota, Fifth Division.

In the matter of Markus Grande, bankrupt, in bankruptcy.

Bankrupt's Petition for Discharge. To the Honorable Judge Morris, Judge of the District Court of the United States, for the District of Minnesota:

Markus Grande, of the Village of Manganese, in the County of Crow Wing, and State of Minnesota, in said District, respectfully represents that on the 29th day of October, A. D. 1920, last past, he was duly adjudged bankrupt under the Acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the court touching his bankruptcy.

Wherefore he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankruptcy acts, except such debts as are excepted by law from such discharge.

Dated this 6th day of December, A. D. 1920.

MARCUS GRANDE,
Bankrupt.

United States District Court, District of Minnesota, Fifth Division, ss.

On this 24th day of December, A. D. 1920, on reading the foregoing petition, it is Ordered by the Court, that a hearing be had upon the same on the 12th day of February, A. D. 1921, before said court, at Duluth, in said District, at ten o'clock in the forenoon; and that notice thereof be published in the Brainerd Dispatch, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the Court, that the Clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their place of residence as stated.

Witness the Honorable Judge Morris, Judge of the said court, and the seal thereof, at Duluth, in said District, on the 24th day of December, A. D. 1920.

(Seal of the Court)
CHARLES L. SPENCER,
Clerk.
By J. C. Herman Engel, deputy clerk.

treated until he confessed. He asks to withdraw his plea of guilty and have a jury trial.

Seven members of the Wolf family, including the parents and five children and a hired boy were killed. Only an infant daughter survives.

CHARACTER TOLD BY HAND

Charles Schwab Can Afford to Disregard Appearances, but Not So the Average Man.

Charles Schwab, the steel king, was pictured recently in the feature section of a New York newspaper wearing a pair of ragged, decrepit-looking gloves. To every appearance they might have been a little token to the magnate from the ashman. Beneath the picture was an explanation by Mr. Schwab that he had "worn these gloves for over a year."

Dirty, soiled, ugly gloves! And yet Charles Schwab, one of the greatest industrial lords of the earth, proudly boasted how long he had made them wear.

Mr. Schwab's boast doesn't ring sincerely. He probably would not advise one of the rising young executives of his company to wear old gloves or soiled gloves. On the contrary, he likely would "call down" that young executive for doing exactly what he has bragged about.

Mr. Schwab can afford to wear those gloves. If he wanted to he probably could wear green golf knickers to work, and get away with it. But the rest of the world, exclusive of Mr. Dempsey, Mary Garden, Babe Ruth, and other prima donnas who have "arrived," so to speak, in their respective careers, must watch its step.

A noted American psychologist re-

cently said that he could tell more about a man by his hands than any other physical factor. Our faces are our gifts—and a lot of them look like gifts—but we make our own hands.

One look at a man's hand gives you an instant line on his character. Is the hand soft and flabby? Or is it the hand of a man who does things? Does he shake hands like a man? Or does he extend you a collection of clammy fingers?

What do his gloves look like? Do they show that he is careful of his appearance, thus indicating his self-respect, or are they ragged and dirty?

Worn, soiled or out-at-the-finger gloves create exactly as unfavorable an impression as dandruff on the collar or an unintentional open-worked sock.

In spite of these facts many men who are otherwise scrupulously particular about their personal appearance never grow a bit perturbed upon noticing that their gloves look like a last summer's bird's nest.

Debts That Need No Payment.

English law does not recognize gambling or betting debts, as a general rule, although there have been exceptions. More peculiar is the fact that a barrister cannot sue for his fee. Most other countries have the same practice with regard to gambling debts as ourselves. Venezuela is one of the very few states in which such debts are collectable by law. In Holland you cannot sue for a bet made upon cards, but you can for one on a horse race or any similar outdoor sport. In Sweden a physician cannot sue for his fee, while in Belgium a solicitor is in a similar position. By Chinese law, not only the doctor, but also the priest, the fortune-teller and clairvoyant are without legal remedy. All these debts are, however, looked upon as "debts

of honor," and payment is rarely evaded. The same sort of idea with regard to debts of honor holds good everywhere else, and, absurd as it seems, a man who fails to pay a gambling bet of \$50 is in a far worse position socially than another who goes through the bankruptcy court. France's way of treating bankruptcy differs from ours. There a bankrupt is deprived of all rights of citizenship, which are not restored to him until he has paid his debts in full.—Montreal Family Herald.

Interesting Altitude Test.

A lieutenant of the French aviation corps recently successfully subjected himself to a test to determine whether or not life could be sustained at 12,000 meters, (39,360 feet, or about seven and one-half miles) altitude, says Popular Mechanics Magazine. Entering a

large airtight cylinder, the signal to start the exhaust pump was given. At a pressure corresponding to an altitude of about 13,500 feet (two and one-half miles), the experimenter was compelled to resort to a specially designed mask and an oxygen tank. At about 30,000 feet (five and three-quarter miles) observers noticed that he seemed to experience difficulty in moving his limbs. This is an experience reported by all aspirants to the altitude record. To a figure corresponding to the height of about 34,000 feet (six and one-half miles) the subject closed his eyes as though weary. As the barometer touched a figure equal to a height of 39,360 feet, the trial was stopped and air slowly admitted to the cylinder that there might be no disastrous shock.

Ford
THE UNIVERSAL CAR

Surest Thing In The World

Two and two have always made four. There would not be more than three million five hundred thousand Ford cars in daily service—which is just about one-half of all the automobiles in America—if the Ford, as a reliable motor car, did not meet the demands of all classes of people everywhere and under all circumstances.

Two and two have always made four. If the material, the iron and the marvelous Vanadium steel used in the construction of the Ford chassis, were not of the highest quality known to the science of Metallurgy, then the Ford car could not have won its world-wide reputation for reliability.

Two and two have always made four. When replacements and repairs are required on Ford cars, the Ford owner will be wise in bringing his car to our place, because we use only the Genuine Ford Parts, and we have the Ford skilled mechanics, and all the Ford knowledge that goes to maintain the high standard of quality which is original in the Ford car.

When you want a Ford car or a Ford truck, and when you want repairs or replacements for the same, we earnestly solicit your business, assuring you of prompt attention, real Ford service, and economical Ford prices.

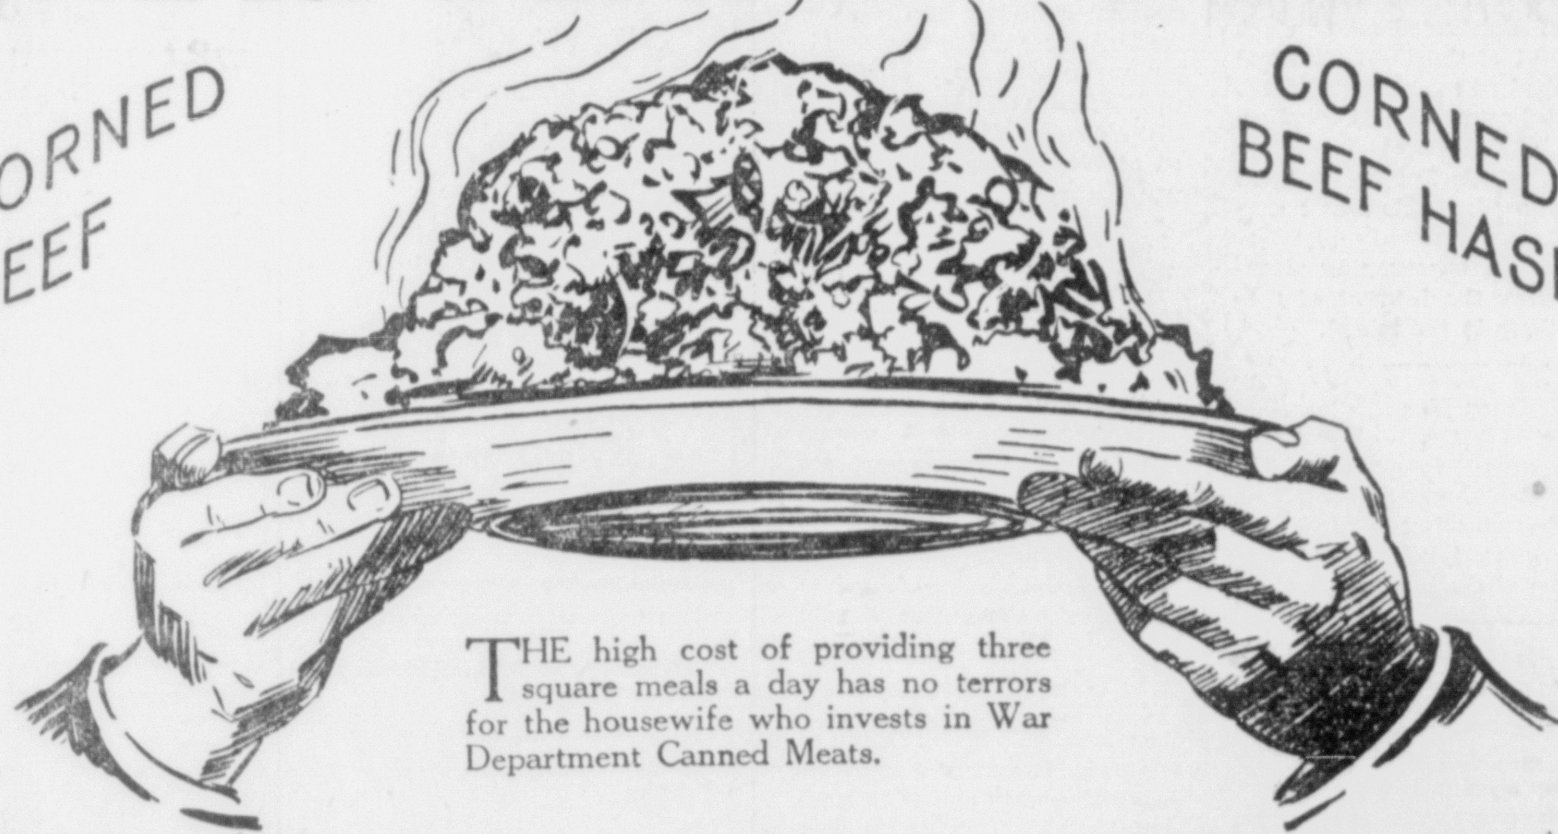

We Paint Front and Rear Axle Free on Every Job Brought in to our Shop for Repairs.
